Equipment Rental

Bosch GSA 900E Sabre Saw

Description

The Bosch GSA 900E is a heavy duty variable speed reciprocating saw. This machine is intended for sawing wood, plastic, metal and building materials while resting firmly on the work piece. It is suitable for straight and curved cuts. When using the appropriate bimetal saw blades, it is possible to cut flush to the work piece surface. This machine also has an adjustable footplate and quick release button for changing the blade.
